**Re: OHSL—Written Notice of Objection to Designation of PwC  
Report as Confidential**

Dear Mr. Burke:

I have and thank you for the PwC report, along with the Stipulated Protective Order (Doc. No. 51). I am inferring that you are designating the entire PwC report "Confidential." Pursuant to ¶ 5 of the Stipulated Protective Order, Plaintiffs object to the designation of this document as "Confidential."

My reading of the Stipulated Protective Order is that this written objection triggers a good faith attempt to resolve this matter informally, without Court intervention. I am available to discuss this matter with you, at your convenience.

Thank you for your cooperation.
